# SUSTAINABLE DEVELOPMENT GOALS

On September 25th 2015, countries adopted a set of goals to **end poverty**, **protect the planet**, and **ensure prosperity for all** as part of a **new sustainable development agenda**. Each goal has specific targets to be achieved over the next 15 years.

For the goals to be reached, everyone needs to do their part: governments, the private sector, civil society and people like you.

Do you want to get involved? You can start by telling everyone about them. We've also put together a list of

actions that you can take in your everyday life to contribute to a sustainable future.

What are the #globalgoals? The full list is here.
